About Republic Day Celebration:

India is celebrating its 72nd Republic Day. While India gained independence from the British Raj in 1947, it wasn't until January 26, 1950, that the Indian Constitution came into effect, and India became a sovereign state, declaring it a republic. Dr BR Ambedkar headed the Drafting Committee of the Constitution. Additionally, Constitution Day is celebrated in India on November 26 every year, as on November 26, 1949, the Constituent Assembly of India adopted the Constitution of India.

Republic Day is celebrated with much pomp all across the country.

On January 26, 1950, the Indian Constitution came into effect. The Constituent Assembly, meant to draft the Constitution of India, held its first session on December 9, 1946. The last assembly session ended on November 26, 1949, and then the Constitution was adopted a year later.
