

Future Ready Talent

Queries by students and reponses by team from FRT

1. Is it required to submit the project to receive internship certificates? Yes, The project is the mandatory requirement for gaining the internship certificate.

2. How to submit the project in the portal once the project is completed? Within the internship portal there is "Project" tab. Student can refer this this video

<https://www.youtube.com/watch?v=IM1s-Wc9QaU&list=PLpy2IiFLxUxB-9f9pUEQxWsKCn0kd2nz>

3. Can the date be extended, as students were having exams and could not complete the project? : Sure- We can do that with your recommendation for all 63 students.

4. Is it required for all three courses (Fundamentals, Advanced, GitHub) to be completed to get the certification? If this in reference to project, then there is just one certificate. If it is reference to learning courses then all mandatory courses across all three are required to be completed.

5. Under student verification in Azure Portal, college name K S School of Engineering & Management is not listed while the other college under K S Group of Institution, K S Institute of Technology is listed. That is not a problem. Student can type the name of the college.
