Report of Career Guidance Talk Organized by
Department of Mechanical Engineering on 17-09-24
Academic Year: 2024-25

CAREER GUIDENCE: Talk on “Holistic Skills For Career Transition”

BRIEF SUMMARY OF PROGRAM: The Department of Mechanical Engineering , K S School of Engineering and Management organized a Career guidance Talk on “Holistic Skills For Career Transition ”on 17th Sept 2024 for 3rd, 5th and 7th semester Mechanical Engineering. students in offline mode. The guest lecture was delivered by a seasoned Mechanical Engineer Mr Rajath Nagaraj.(senior Data Scientist, liberty Mutual, USA).The lecture was attended by 60 students.

OBJECTIVES OF THE PROGRAM:

1. Equip Participants with Holistic Skill Sets for Career Transitions : The talk aims to provide insights on the importance of developing a combination of soft skills (such as communication, adaptability, and emotional intelligence) and technical skills to successfully navigate career changes.
2. Prepare for a Smooth and Sustainable Career Transition : The talk will guide participants on how to strategically plan their career transitions by assessing their current skill sets, identifying growth areas, and aligning them with future career opportunities..

SPEAKER’S DETAILS:

Mr Rajath Nagaraj.(senior Data Scientist, liberty Mutual, USA), Data Science graduate with 2+yrs of experience in field of analytics, data engineering and python development. His focus area is on Machine Learning, Cloud Services and Software development. have been certified with AWS cloud and Tableau. His interested in solving business problems using data driven approach.

REPORT

On 17th Sept'24 a career guidance program titled "*Holistic Skills for Career Transition*" was conducted to equip participants with the essential skills required for successful career

changes. The program focused on developing a balanced set of soft and technical skills crucial for adapting to evolving job markets.

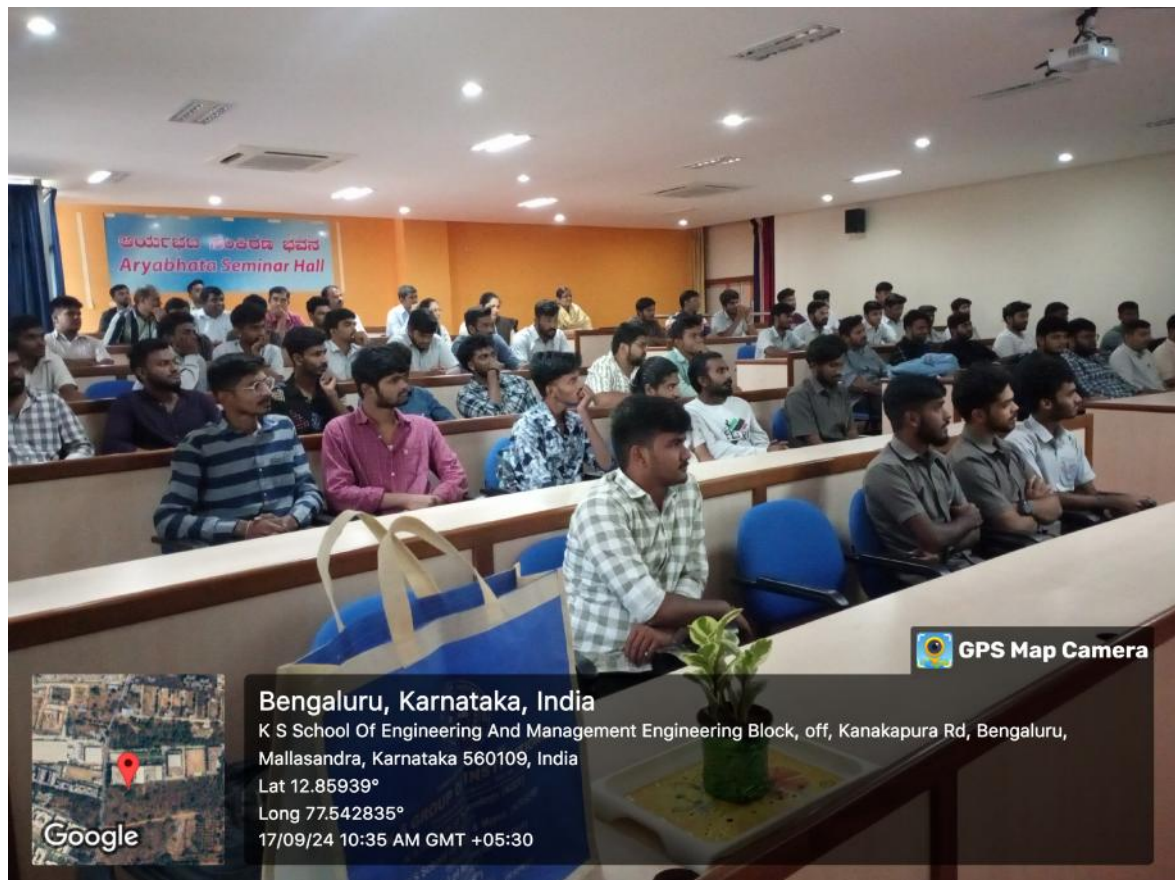

The primary objective was to emphasize the importance of holistic skill development, combining emotional intelligence, adaptability, and effective communication alongside relevant technical competencies. By addressing both personal and professional growth, the session helped participants understand how to align their current skill sets with future career goals.

The second objective was to prepare attendees for smooth and sustainable career transitions. The program guided them through practical steps for evaluating their existing skills, identifying potential areas for development, and planning their career moves strategically. Real-life case studies and examples were provided to illustrate how a holistic approach can enhance adaptability and success in new career paths.

Overall, the program offered valuable insights into preparing for career transitions, equipping participants with both the mindset and tools necessary to thrive in a changing job market.
