The Chairman  
Board of Studies (BoS) in Civil Engineering  
Visvesvaraya Technological University  
Belagavi

Dear Sir ,

**Subject :** Regarding curriculum gaps in newly framed curriculum syllabus.

With Reference to the 18 Scheme, I would like to bring to your attention some gaps identified in the newly framed curriculum, as observed by course coordinator/DAC in the Bachelor of Engineering (UG) Program.

Program outcomes are intended to be measurable statements that define the knowledge, Skills, and attitude students should acquire throughout their four year UG program Based on our observations, few areas are identified that could benefit from further inclusion and refinement.

PO8. Ethics: it would be beneficial to incorporate Subjects related to Ethics within the curriculum.

PO11. Project Management and Finance: Including Subjects related to project management and finance would provide students with essential skills for their future careers.

We believe addressing these gaps will significantly enhance the educational and better prepare our students for their future careers thank you for considering these suggestions.

Thanking you

HOD

Dept of Civil Engineering  
KSSEM

Professor & Head  
Dept. of Civil Engineering  
K.S. Group of Institutions  
K.S. School of Engineering & Management  
Bangalore-560 062.
