

## **UNNATH BHARTH ABHIYAN**

Kammavari Sangham (R-1952), conducted a household survey program on September 27th as part of the Unnat Bharat Abhiyan (UBA) initiative, sponsored by the Ministry of Human Resource Development (MHRD), Government of India. This program took place in the villages of Uttari, Kaggalipura, OB Chudahalli, Somanhalli and Thataguppe all within the limits of Kaggalipura Gram Panchayat. The Department of Civil Engineering team at KS School of Engineering and Management, Bengaluru, initiated the Unnat Bharat Abhiyan (UBA) program in collaboration with the district administration.

The primary objective of the household survey was to assess the socio-economic conditions, basic infrastructure, and livelihood opportunities of the villagers. Faculty members and students from the Civil Engineering Department actively engaged with local residents to gather data on sanitation, drinking water availability, waste management, and housing conditions. The survey aimed to identify key challenges faced by the community and suggest sustainable development solutions. Through direct interaction, the team gained valuable insights into the needs and aspirations of the villagers. The collected data will be analyzed to develop strategic action plans for improving rural infrastructure and quality of life.

Additionally, the program emphasized the importance of community participation in achieving long-term rural development goals. Awareness sessions were conducted to educate villagers about government schemes and best practices in sanitation and hygiene. The initiative also served as a hands-on learning experience for students, enhancing their understanding of real-world challenges in rural development. The collaboration between the institution and local authorities strengthened efforts to create resilient and sustainable rural communities. This initiative aligns with the broader vision of Unnat Bharat Abhiyan, fostering holistic and inclusive growth in rural areas.

# KSSEM holds survey under Unnat Bharat Abhiyan

EXPRESS NEWS SERVICE @Bengaluru

THE Kammavari Sangham-run KS School of Engineering and Management (KSSEM) recently organised a programme under Unnat Bharat Abhiyan (UBA), the flagship programme of the Ministry of Human Resource Development.

Under the programme, students of the civil engineering department took up a survey of households in villages - Uttari, Kaggalipura and OB Choodahalli - in association with the district administration for the implementation of the UBA.

Retired professors of IISc, Prof KS Jagadish and Prof BK Raghuprasad, said Unnat Bharat Abhiyan emphasises the contributions toward the welfare and holistic development of villages. They highlighted several success stories that demonstrate the impact of sustainable practices in rural communities.

The survey in Kaggalipura village was conducted on September 27 by a team of 120 students and 10 faculty members. The students tried identifying key issues faced by the adopted villages and development of a village development plan to address these challenges.

KSSEM Principal Prof Rama Narasimha K stated that the village development plan will target specific needs of adopted villages and will be submitted to the government for implementation.

Kammavari Sangham President R Rajagopal Naidu, secretary R Leela Shankar Rao, treasurer T Neerajakshulu Naidu and others took part in the programme.
