

**Event name** : The human code : Learning, Living & Leading with Values

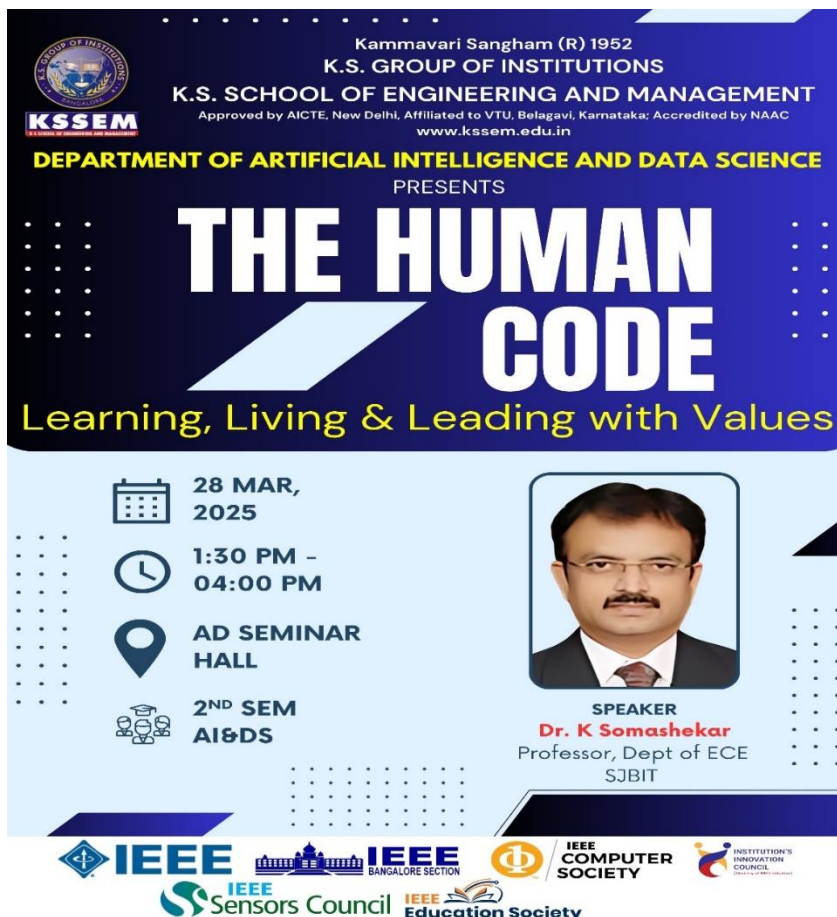

**Date of Event** : 28-03-2025

**Venue** : AD Seminar Hall

**Number of participants** : 60

**Targeted Audience** : II Semester, Dept. of AI & DS

**Objective** : To motivate students to embrace lifelong learning and ethical practices while providing guidance on overcoming challenges, building confidence, and aligning technical skills with real-world engineering career opportunities.

The poster is for a seminar titled "THE HUMAN CODE" with the subtitle "Learning, Living & Leading with Values". It is presented by the Department of Artificial Intelligence and Data Science at K.S. School of Engineering and Management, K.S. Group of Institutions. The event is scheduled for 28 MAR, 2025, from 1:30 PM to 04:00 PM at the AD Seminar Hall, for the 2nd SEM AI&DS students. The speaker is Dr. K Somashekar, Professor, Dept of ECE, SJBIT. The poster includes logos for IEEE Bangalore Section, IEEE Computer Society, IEEE Sensors Council, and IEEE Education Society, as well as the Institution's Innovation Council.

Department of **Artificial Intelligence and Data Science** organized an expert talk on  
**“The human code : Learning, Living & Leading with Values”**.

### **Expert talk Highlights:**

#### **1. Inspiring Growth Mindset**

- Encouraged students to embrace challenges, learn from failures, and remain persistent in their efforts.
- Focused on building resilience and overcoming self-doubt to achieve long-term success.

#### **2. Ethics and Values in Professional Life**

- Highlighted the importance of integrity, responsibility, and ethical decision-making in engineering careers.
- Emphasized value-driven learning as a foundation for sustainable professional growth.

#### **3. Career Guidance and Industry Awareness**

- Provided clarity on career pathways, industry expectations, and the role of lifelong learning.
- Motivated students to stay updated with evolving technologies to remain competitive.

### **Resource Person:**

Dr. K. Somashekar, Professor at SJBIT, Bengaluru, is an accomplished academician with 29+ years of experience, 30+ research publications, and a granted patent. A recognized motivator and Best Teacher Award recipient, his expertise includes image processing, power electronics, and control systems.

### **Feedback:**

The session was well-received by the students. Attendees expressed that the “The human code : Learning, Living & Leading with Values” was very interesting and motivational. The interactive nature of the session and the speaker’s experience added immense value.
