Workshop Objectives:

The objective of Unlocking the Secrets of Git and GitHub is to provide a comprehensive understanding of Git as a version control system and GitHub as a collaborative platform. Participants will learn how to effectively track changes in their projects, manage repositories, resolve conflicts, and utilize branching strategies for seamless development. Additionally, the course will explore collaboration workflows, pull requests, and contributions to open-source projects, empowering learners to confidently manage codebases and participate in team-based or community-driven development efforts.

Resource Person: Mr. Hanumanth Reddy, CEO PygenicArc.
