**LETTER OF RECOMMENDATION**

I, as Head of the department (Electronics and Communication Engineering) of KS School of Engineering and Management, Visvesvaraya Technological University am writing this letter to recommend my student, Mr. Jayanth K, for a Master's program at your esteemed university. He has been a student of our institution for the period of 48 months and I have been his subject teacher, Mentor, student advisor. I have known Jayanth for a number of aspects now and I feel proud to tell you that he has been one of our best students till date.

As Jayanth's teacher, I can remember him being an attentive and curious learner with a number of doubts in his head regarding the modules. Which as a teacher gave me an insight that he was inclined towards learning things which excited him.

As Jayanth's mentor, I can assure you of his best output. During his time here, the teacher's panel always knew that this student was meant for uniqueness. An unending desire to learn, a communicative personality, and a polite demeanor are some of the things which can touch upon the positive traits of Jayanth. His project presentation on "Prototype of Real-Time Industrial Environmental Monitoring System" was so amazing that we still use it as an example for our current batches. Jayanth has been one of the most unique students of this institution along with being an ideal example for the generations to come. He had a keen interest in improving his skills to the level of perfection and had a firm belief in lending a helping hand to fellow students.

As Jayanth's student advisor, I have seen him expressing his ambitions, goals, and wishes, By considering these aspects and his unique ways, I can certainly see him as my favorite student.

Our institution is proud of Jayanth and we are well aware of his career goals in life. Your institution can add another glorious feather to his cap and can help him immensely in achieving his ambitions. I am sure of Jayanth's caliber and intelligence, and I am positive about him being an ideal choice. If you have any doubts or queries regarding Jayanth, feel free to connect with me. I shall certainly help out in a maximum manner.

Regards,

  
Head of the department (HOD), ECE  
Dr. Girish V. Attimarad
