LETTER OF RECOMMENDATION

I, **Dr. K RAMA NARASIMHA**, Principal/ Director KSSEM, have a great pleasure in recommending **Mr. SHASHANK S**, a B.E Mechanical Degree student of our institution for admission to Master's Degree studies in your prestigious and esteemed University.

Mr. Shashank S, had been a student of Mechanical Engineering from 2017 – 2022 and successfully passed the degree out of hard work and sincere efforts. He has an aim of becoming a highly qualified person and is interested in obtaining a Master's Degree from a German University.

During the years he studied in our institution, I have taught him Subjects like Applied Thermodynamics and Heat Transfer (During 2nd and 3rd year). The HOD, Professor and Associate Professor always discussed with me positively about Mr. Shashank S.

In fact, as a Principal of the college and head of the organisation, I was watching the activities of every student of every branch of study. I find no adverse points about Mr. Shashank. During his semester end vacations he has invested his time wisely by interning at Bhavani Industries, Government Tool Room and Training Centre, CAD Vision R&D Centre and ELEATION's Basic to professional training program on ANSYS and Hyperworks.

I have carefully gone through the recommendations made by Dr. Balaji B (HOD), Dr. Jyothi P N (Professor) and Dr. Abhishek M R (Associate Professor) and fully agree with their observations and opinions.

I wish all success to Mr. Shashank to become a highly qualified person and guide future aspirants.

Dr. K RAMA NARASIMHA
