## **INDUCTION PROGRAM**

### **REPORT**

#### **ON**

#### **INDUCTION PROGRAM-I SEM 2023-24**

The Induction Program for the first year admitted students for the academic year 2023-2024 was conducted from 04-09-2023 to 13-09-2023. Various events, talk from eminent personalities were organized throughout this program.

The purpose of the Student Induction Program is to help newly admitted students to adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the Institution, help them in build bonds with other students and faculty members.

Student Induction Program engages with the new students as they come into the Institution before regular classes start. During Induction Program, the students learn about the institutional processes, practices, culture and values, familiarization to the respective branch /stream.

The details of various events that were conducted in the induction program are as follows.

## SESSION – 02

**SPEAKER - Mr. Muruli Ghatti, K. S. School of Architecture.**

**EVENT – Art & Craft Skills session**

Mr. Muruli Ghatti addressed the students about the Importance of Art and Craft skill that brings to become a good Engineering designer. Speaker also made to realize the amount of creativity that students have. Students were able to explore the minds with the book named RUPI KAUR where the speaker narrated a poem and then drew a picture about what students understood from the poem.

Mr. Muruli Ghatti enlighten the students with their creative thinking and spontaneous sketching art that may enhance the students creative skills with different depictions to think out of the box.

**Day 7: 12-09-2023**

### **ART OF LIVING VISIT**

In the end of the week there was a visit of ART OF LIVING, where the session is organized in the nature about meditation, stress, and other life problems. It was a pleasing session, students are learned a lot about the importance of nature and there is nothing more magnificent than NATURE. Then later in the day students were visited a place which was about new innovations and technologies, where the students gained a lot of knowledge which gave a lot of ideas. Then students went in between the mountains where one of the Art of Living fraternity thought about the importance of food, about how human activities is destroying the nature. And students had delicious lunch, and were on the way back to the college carrying beautiful memories.
