DEPARTMENT OF BASIC SCIENCE

KSSEM

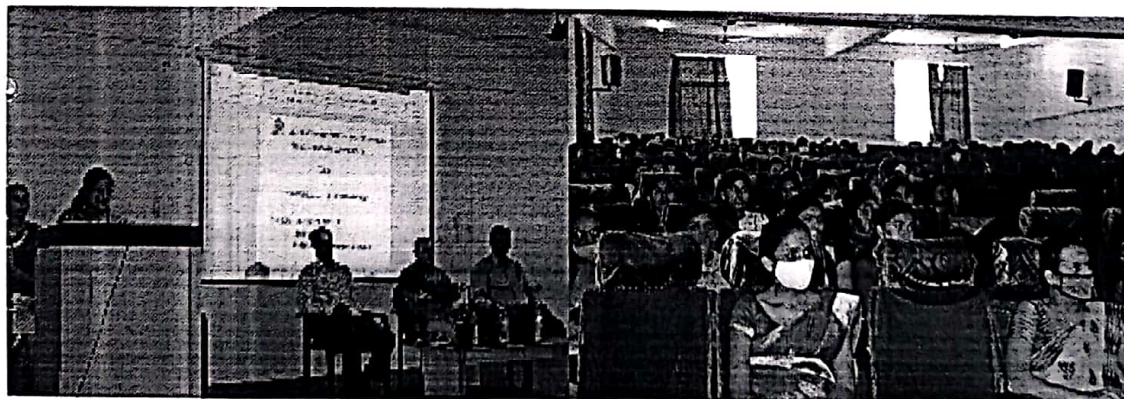

MOTIVATIONAL TALK ON

TOPIC: ENGINEERING: THE PATH FORWARD

The Department of Basic Science, KSSEM has organized a motivational talk on "Engineering: The Path Forward" on 18 March 2021. The talk was held in Civil Seminar Hall for I semester students.

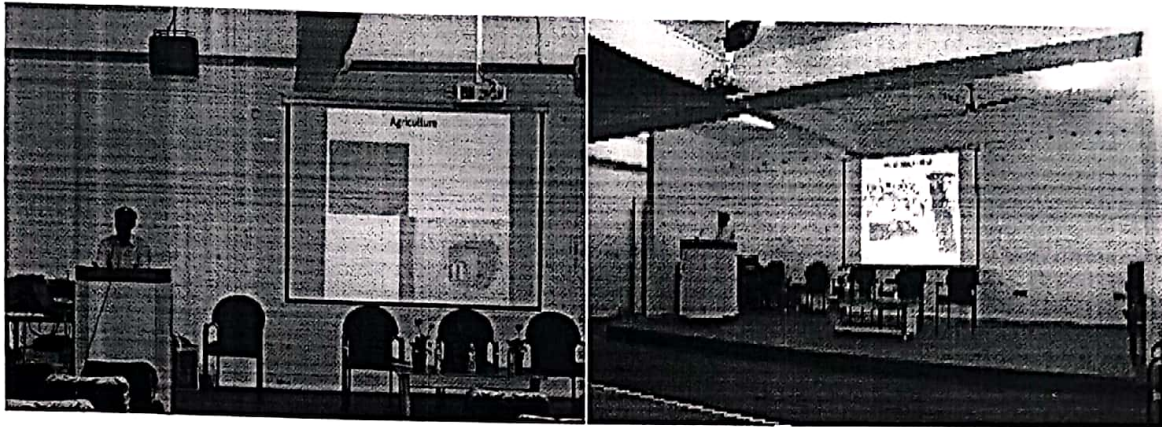

The programme was inaugurated by Dr. K. Rama Narasimha, Principal/Director, K. S. School of Engineering and Management, Dr. C. Vasudev, Head, Department of Basic Science, KSSEM and the Resource person, Dr. Narendra Reddy, Professor, Centre for Incubation Innovation Research Consultancy, Jyothy Institute of Technology, Bengaluru.

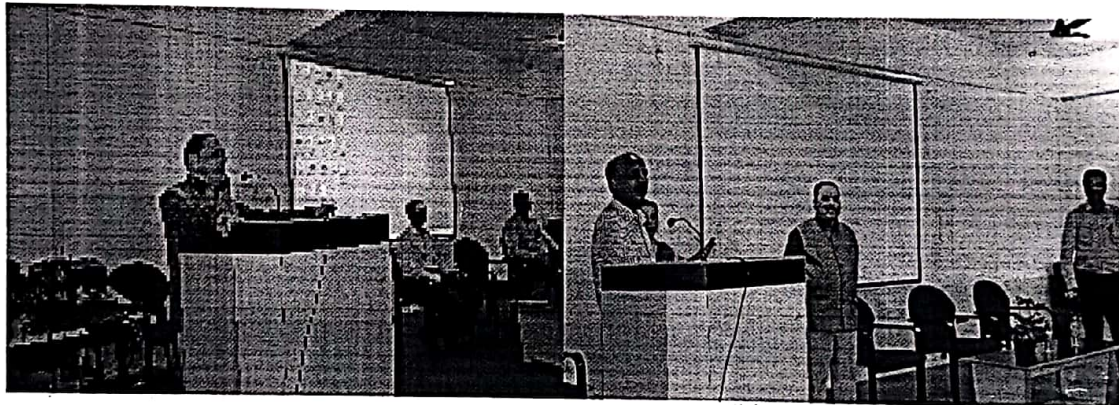

Dr. Narendra Reddy addressed the students. Dr. Reddy said the youth should select their career path in the area of various multidisciplinary fields such as

Food/Agricultural, Energy/Fuel, Environment, Artificial Photosynthesis, Moving silicone, Biomimetic materials, Genome editing, 3-D printing and various other fields.

The speech was very informative and the programme was an inspiration for students. The Resource person concluded his talk by explaining the necessity of having multidisciplinary profiles in the path of their career.
