

K. S. SCHOOL OF ENGINEERING AND MANAGEMENT

Department of Science & Humanities

Engineering Physics Laboratory

DO's

- Students should wear proper uniform and shoes.
- Keep the laboratory tidy and maintain silence.
- Handle the apparatus with care.
- Return the apparatus after completing the experiment.
- Switch off the power supply after completing the experiment.
- Switch off the electrical circuit breaker if there is burning of insulation.
- Complete the calculations and graphs in the observation book pertaining to the experiment and get the signature from the faculty in-charge in the same class.
- Submit the laboratory record before starting the new experiment.
- In case of fire, move out of laboratory immediately.

DONT's

- Do not come late to the lab and leave the lab early.
- Do not carry mobile phones to the lab.
- Do not touch un-insulated electrical wires.
- Do not use switch if broken.
- Do not overload the electrical meters.
- Do not make the circuit connection when the power supply is on.

K. S. SCHOOL OF ENGINEERING AND MANAGEMENT

Department of Science & Humanities

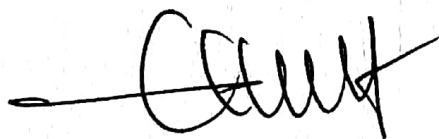

Engineering Chemistry Laboratory

DO's

- Make sure no flammable material is in and around Bunsen burner.
- Handle the apparatus with care.
- Wear lab coat while performing the experiment
- Maintain discipline in the lab.
- Turn off all Bunsen burners, water faucets when not in use.
- Immediately report any spills, accidents or injuries to your instructor.

DONT's

- Do not eat in the lab.
- Do not sit on laboratory benches.
- Do not run in the laboratory.
- Never work in the laboratory without supervision of an instructor.
- Never leave the work unattended.
- Do not litter the lab.

A handwritten signature in black ink, appearing to be 'Arun', with a horizontal line extending to the left.
