K. S. SCHOOL OF ENGINEERING AND MANAGEMENT

Department of Electronics and Communication Engineering

Digital System Design Laboratory

DO's

- ✓ Be punctual and regular to the Lab.
- ✓ Upon entering the laboratory, sign in the log book before collecting the components.
- ✓ Double check the components collected before conducting the experiments.
- ✓ Handle the hardware components with utmost care.
- ✓ Maintain proper updated Lab Observation Books and Lab Records and submit the completed records on time for evaluation.
- ✓ Ensure that the observation and record books get signed by the faculty members before leaving each lab session.
- ✓ Upon the completion of the day's experiments, return the issued components properly.
- ✓ Always wear the prescribed uniform and ID card during the lab sessions.
- ✓ Study the prerequisites before conducting the experiments.

DONT's

- ✗ Connect pen drives or any other external memory devices to the computers in the laboratory.
- ✗ Use the laboratory without permission from the faculty members in charge and unless there is a faculty member or an instructor present.
- ✗ Tamper with the furniture or damage any equipment in the laboratory.
- ✗ Use mobile phones in the laboratory.

K. S. SCHOOL OF ENGINEERING AND MANAGEMENT

Department of Electronics and Communication Engineering

Digital Signal Processing/Embedded Controller Laboratory

DO's

- ✓ Be Punctual and regular to the Lab.
- ✓ Upon entering the laboratory, sign in the log book before using any computer systems.
- ✓ Handle the hardware with utmost care.
- ✓ Maintain proper updated Lab Observation Books and Lab Records and submit the completed records on time, for evaluation.
- ✓ Ensure that the observation and record books get signed by the faculty members before leaving each lab session.
- ✓ Upon the completion of the day's experiments, shut down the PCs properly and turn off the power supply before leaving the lab.
- ✓ Always wear the prescribed uniform and ID card during the lab sessions.
- ✓ Study the prerequisites before conducting the experiments.

DONT's

- ✗ Connect pen drives or any other external memory devices to the computers in the laboratory.
- ✗ Use the laboratory without permission from the faculty members in charge and unless there is a faculty member or an instructor present.
- ✗ Tamper with the furniture or damage any equipment in the laboratory.
