#### **Trainers' Feedback:**

The overall feedback of the Trainers of JV Global Services LLP for the 6<sup>th</sup> Semester Training at K.S. School of Engineering and Management was very positive. The students were obedient, interested & attentive. Few students had good problem solving abilities. Though they need to be a bit fast in calculations, work on their basics and fundamentals, work on their problem solving skills, and needs a lot of practice in all aspects. They need to come out of their comfort zones and interact more. This will slowly build up their confidence, reducing the fear of public speaking as well. They will do great with proper guidance and Self Motivation.

#### **Consolidated Trainee's Feedback:**

The overall feedback by the students on the training was very positive. The response from the students were excellent with regards to training delivery, relevance, usefulness, interaction and the clarity of the explanation of concepts by all the respective trainers. All the students mentioned that they would highly recommend Training Programs by 'J V Global Services LLP' to their juniors.

However, many students also mentioned that they would like an extension of the training as it would give them more practice. They also suggested need to have '1-1 Mock Interviews' for all the students which would give them confidence and be beneficial for their placement and future job prospects, and their overall development.

#### **Concluding Remarks**

The training conducted was beneficial and enhanced the confidence of all participants.

The Training and Placement team of KSSEM was excellent and cordial.

We whole heartedly thank Management, The Principal, and HODs', Faculty members and Training and Placement team of KSSEM for giving us an opportunity to be of service to your institution.
